Medical Assistance

The Medical Assistance sub-tab explains benefits and services.

Access the Online Health Clinic at Any Time

MyHealthPortal is an online health clinic providing access to fully trained nurses in the UK via phone, email, SMS, online chat or Skype. You can use the service for medical issues ranging from queries on common health problems, right through to getting a second medical opinion following diagnosis of any condition. My HealthPortal services include Cancer Assist, Surgery Consultation, GP Talk, Nurse Connect and Travel Support.

The site gives access to general medical and health information too including preventative activities like losing weight, quitting smoking, blood pressure and cholesterol control and there is a monthly newsletter you can sign up to as well.

Click here to access the site > or call +44 1273 552 922

Getting a Medical Second Opinion

Anyone insured under a Lifeline Plus policy (including partners and children) can get a free medical second opinion from a leading specialist, following their initial consultant diagnosis. All new medical conditions diagnosed whilst you are insured are covered. To access the service call or email Second Opinion. Second Opinion will need the medical file from the initial medical practitioner, and will then get in touch with specialists to obtain the second medical opinion.

You can receive your second medical opinion in as little as a few days, depending on how many doctors are involved. A locally based doctor prepares every case, and the service provides access to more than 30 hospitals in the UK and USA.

In most cases a visit is not necessary (patients can take part in live video conferences on the website if they need to). If a visit to a specialist is needed, we will pay for the cost of the consultation (but not the cost of travel and accommodation).
